

PEACE DECOR

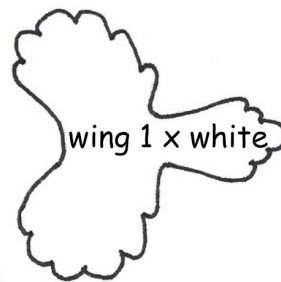

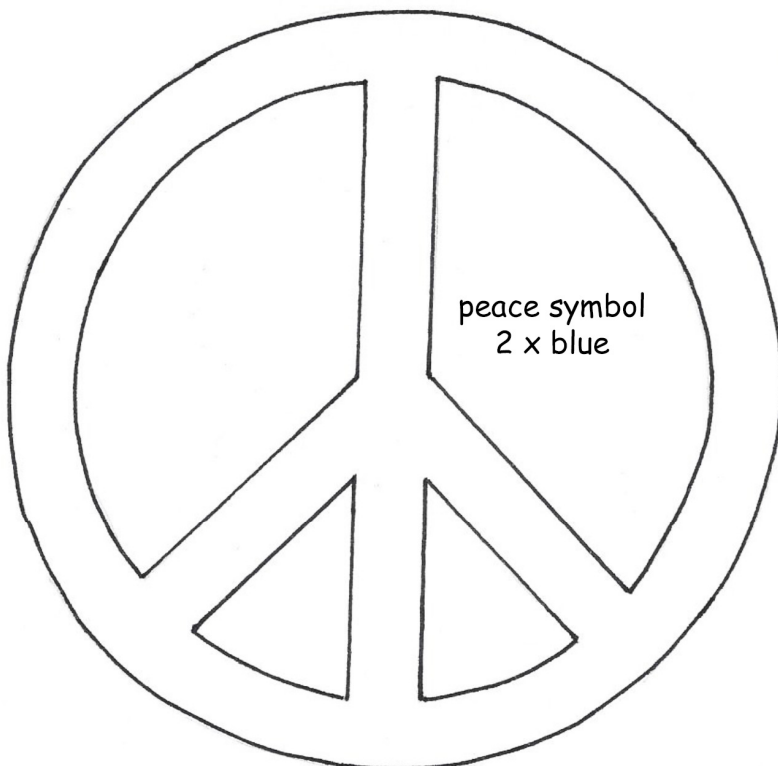

You'll need:
 wool felt
 3 pipe-cleaners
 sewing thread

Cut the pattern pieces out of wool felt without a seam allowance. Cut two 9 cm (approx. 3½") pieces of pipe-cleaner for the inner part of the symbol. Fold one pipe-cleaner in the middle to make it into a "V" shape. Blanket stitch the peace symbol together; first the inner part with the pipe-cleaners inside, then the outside ring where you put another pipe-cleaner in. You'll need more than one pipe-cleaner for the outside ring of the symbol.

Sew the flowers onto the symbol with yellow thread. Sew some extra stitches into the flower centres to give them nice centres. Embroider light green thread onto the leaves for veins, and attach them onto the symbol. Sew the hearts onto the symbol.

Blanket stitch the dove pieces together and fill it up with wool. Sew the wings onto the top of the dove body. Embroider black eyes onto the dove. Embroider the beak by making black stitches ovetop of each other. Cut another green leaf out and sew it by the dove beak. Sew the dove onto the peace symbol. Fasten a thread to hang it up through the dove, and hang your peace decor up.

Wishing you much joy making this!
